

Over the Shoulder Graphic Production

1. Open Adobe Photoshop. Select the File menu and choose New...

2. Click OK. This will bring up a blank Window which checkerboard pattern.
3. Now "File" and "Open" the graphic you intend to use as your "Over the Shoulder".

4. You should now have your graphic window over the transparent background as shown in the graphic to the right.

5. Go up to the Image menu and select Image Size...
6. It is best to set your width to no more than 300 pixels to allow room for the anchor's head.
7. Select the Move Tool 
8. Drag the graphic over top right hand corner of the transparent canvas. Allow about a 10% space around the edges of the canvas for the TV Safe area.

Note : Adjustments may have to be made on the image size. If so, go to Edit: Undo menu and resize the graphic.
